LED Spacing	1.25"
Max. Length / Power Supply	65 ft
Standard Package Length	165 ft

---

#### Single Color

Color	Red, Amber, Green, Blue
Max. Current Per LED	25 mA
Power Consumption	0.9 W/ft
LED Spacing	1.25"
Max. Length / Power Supply	98 ft
Standard Package Length	197 ft

---

#### White

Color	Warm White Cool White
Color Temperature	2500K , 2700K , 3000K , 5,000K
Max. Current Per LED	25mA
Power Consumption	0.9 W/ft
LED Spacing	1.25"
Max. Length / Power Supply	98 ft
Standard Package Length	197 ft

---

**Cladding Material** UV Protected PVC

---

**Voltage** 24 VDC

---

### Applications

---

- Architectural & decorative lighting
- Contour lighting
- Displays
- General lighting

### Benefits

---

- Low energy consumption
- Waterproof
- Requires no maintenance and extremely durable
- Flexible – Easy to shorten, reconnect, and roll
- Dimmable
- Generates minimal heat
- Available in different colors including RGB
- Multi-functional, multi purpose.
